About Aspen University

Aspen University is dedicated to helping students achieve upward mobility and long-term economic success through superior education, financial prudence, and career advancement. Although traditional financial aid is available for those who qualify, Aspen University instituted an innovative pioneering Monthly Payment Plan (MPP) for students, offered entirely interest free, making it essentially a no-interest, private student loan, designed to allow the student to achieve their degree and minimize debt upon graduation. Today, Aspen University offers online certificates, and online associate's, bachelor's, master's, and doctoral degrees in three schools: School of Nursing and Health Sciences, School of Business and Technology, and School of Education.

RN to BSN Curriculum

10 Courses, 100% Online
