### State Relocation Notice

Students who relocate while enrolled in a degree program may be unable to complete their studies if they are moving to a country or state where the University is not currently authorized to offer that particular program. Students should contact their Academic Advisor if they are considering relocating during their course of study.

**\*Note:** Aspen's Bachelor of Science in Nursing (Pre-Licensure) program is its only program that has the potential to lead to professional licensure in all states and territories as identified above. Upon completion of their studies in this program, students are eligible to take the National Council Licensure Examination (NCLEX) in the state in which they choose to practice (the NCLEX is the national registered nurse examination used by all states for potential registered nursing licensure). Students provide their state board of nursing applicable forms to the School of Nursing, which completes them on behalf of the individual student, and take the exam in the state in which they choose to practice. Upon passing the NCLEX, students then work with their state Board of Nursing to finalize their professional licensure.

### Licensure/Certification Disclosures

Institutions are required to disclose the extent to which each of its programs lead to professional licensure or certification in each state where such licensure is required for employment in an occupation (34 CFR § 668.43(a)(5)(v)).
